PERFECT PLACEMENT

With the ability to offset the articulating arm independently of the wall plate, you'll be able to position your clients' TV perfectly on the wall regardless of stud layout.

UNIVERSALLY COMPATIBLE

Boasting an impressive 125 lb weight capacity and support for VESA patterns up to 600x400, RCAD570 full motion mount is suitable for nearly any TV on the market.

FULLY ADJUSTABLE

RCAD570 TV wall mount has a tool-less cam lever tilt mechanism, and articulating arms that can swivel up to 90° in either direction. Post-installation horizontal leveling lets you dial in your clients' TV perfectly.

PLENTIFUL EXTENSION

Even with its low-profile design, RCAD570 articulating TV mount can extend 22" from the wall, giving you plenty of room to work behind the TV and allow your customer to position their TV wherever they'd like.

MADE FOR PROFESSIONALS

The RCAD570 full motion TV mount comes with sleek aluminum magnetic wall plate covers to hide any sign of installation, and a durable all-metal cable management system intended to last for years and prevents service calls.
