

## Samsung's XXL Shipping/Delivery Program:

These 5 models fall under Samsung's XXL Program:  
98QN990F / 98QN90F / 100QN80F / 115QN90F / 115MR95F.

These 5 models are all offered, free of charge, additional time at delivery to minimize the potential for damage or mishandling. As noted on the product pages of these models on our website, we require 3+ Persons to be on site for delivery (not including our delivery driver).

Our delivery teams will insist (and help) unbox these units at the jobsite to power up and make sure these units are in good working order before departing.

This additional service is not required however you will be required to sign that we have either delivered, unboxed and powered up the unit and inspected for any damage prior to leaving or you are declining this service and waive any recourse to 21st Century Distributing and/or the Manufacturer.
